EDUCATION

Bachelor of Technology in Computer Science Engineering, (CGPA: 7.71)   **Feb 2021 - June 2024**
- Dr. Babasaheb Ambedkar Technological University, Lonere

SKILLS

- **Programming Languages**: C/C++, Java, JavaScript
- **Web Technologies**: HTML, CSS, SCSS, TypeScript .
- **Frameworks and Libraries**: React.js, Angular.js, Redux,Tailwind.CSS, Bootstrap, Material-UI, Node.js, Express.js, Nest.js.
- **Databases**: MongoDB, SQL, MySQL, PostgreSQL
- **Other**: Data Structures and Algorithms, object-oriented programming, Jira, Git, GitHub.

WORK EXPERIENCE

Junior Full Stack Developer, Agua Wireless System   **May 2024 - Jun 2024**
React.js, Material-UI, SequlzeORM, Express.js, Node.js, MongoDB, PostgreSQL.
- Built a comprehensive project from scratch, including four distinct modules, resulting in a **30%** improvement in system efficiency.
- Streamlined the integration process and developed client-side features, reducing time by **40%**.
- Enhanced code quality of other projects **by 25%** using dynamic components, reducing redundancy, managed databases and applications, and wrote effective APIs.

Software Developer Intern, Kelp (Completion Certificate)   **Oct 2023 - Feb 2024**
Angular, Bootstrap, PostgreSQL, Nest.Js.
- Refined one of the core module user experiences, enhancing intuitive interaction and user satisfaction.
- Improved backend operational efficiency and system stability through development optimizations.
- Resolved critical system bugs, resulting in a measurable increase in overall system reliability.

Frontend Developer Intern, DFIIE (LOR)   **May 2023 - Aug 2023**
React.js, Tailwind.CSS
- Led DFIIE website design, merging leadership and technical skills to boost digital platform quality.
- Developed an interactive event management system, streamlining organization and user participation.
- Implemented responsive design practices, ensuring seamless user experience across all devices.

PROJECTS

TiffinWala | GitHub | Live   **Nov 2022 - Jan 2023**
React.js, Tailwind.css, Node.js, Express.js, MongoDB
- Engineered a cutting-edge digital platform for the tiffin service sector, enhancing provider scalability by **40%** and driving a **25%** increase in customer engagement through targeted analytics.
- Utilized React.js, Tailwind.css, Node.js, Express.js, and MongoDB to create a compelling user-centric interface and responsive feedback system.
- This approach streamlined operations and elevated customer satisfaction, creating a more engaging and user-friendly platform.

ACHIEVEMENTS & LEADERSHIP ROLES

- Solved 500+ coding problems on top platforms (**GeeksforGeeks**, **LeetCode**, **CodeChef**).
- Achieved first place in **2** web development hackathons, reflecting competitive programming and project development expertise.
- Earned a **recommendation letter** from the CEO of DFIIE, recognizing exceptional contribution and leadership in web development projects.
- Held leadership roles in **GDSC DBatu**, directing key technology initiatives and collaborations.
